## Frame Assembly Instructions

### Installation:

Please read all instructions carefully. Before you proceed to install, make sure that the power supply is turned off and remains off until installation is complete. Please note that each part has been assigned a number. Please proceed in a numerical order.

1. Fix the crossbar (02) with chain (01) or junction box.
2. Fix the lamp body (03) on the crossbar (02) with crossbar bracket (04).
3. Make sure the positive and negative charges of wire and lamp body match correctly, screw the connect point with the junction cap.
4. Make sure the main wire is enough long and keep the rest wire in the 4" J-box.
5. As the crystal pressing instruction, hang the crystal parts.

The end!
